Hotel Indigo

Hotel Indigo has opened at 1028 13th St. in the Port of Everett's Waterfront Place development.

The 142-room hotel has marina views, a seafood restaurant, indoor saline swimming pool, nearly 8,000 square feet of indoor meeting and event space, and over 5,000 square feet of outdoor event space.

The guest rooms are designed with a subtle nautical theme, inspired by the marina. Guest amenities include pet-friendly accommodations, a fitness facility and a grab-and-go retail shop.

Work began in the spring of last year and was completed this fall.
